**Sub-Group 3.4**  
**Series A: Case Files**  
**1891-1960**  
**183 linear feet (364 boxes)**

**Series Description**

The series consists of the case files maintained on specific court cases by the Circuit Court Clerk's office covering the period 1891-1960. Among the types of cases heard are adoption, damages, debt, divorce, property condemnation, and workmen's compensation, as well as other causes. Document types include correspondence, plaintiff and defendant answers, notes, notices, pleas, receipts, summons, and transcripts. From 1891-1950, the case files are arranged chronologically by year and then within each year alphabetically by the plaintiff's name. From 1951 forward, case files are arranged by the case number assigned by the clerk. **Note:** Some case file numbers were missing at the time of processing, and the case files are presumed missing prior to the transfer of records to the archives. These missing files are noted at the appropriate place in the case file listing.
